

## Family

Graphics

Dan the main topic here is the family car (Scion) in the background. Make sure to have the windows tinted and the family sticker white so that it stands out. The first Convict is riding a segway, the second is juggling tomatoes to the eel that is now Full and he also juggled the knife that is in the Frat brother's back. For the frat brother though color his shirt pink or salmon color and pop his collar, maybe even give him some necklace chains and have his hat say FRAT. The last guy is a Pro Janitor, so like a professional athlete Janitor. He should have a basketball jersey on. Have fun!
