

Timid

Showing a lack of courage or confidence; easily frightened.

Flying monkeys have traumatized everyone here. Now they get the jitters on the yellow brick road. Just seeing the wings on a Raven is enough to set them off. That's when timber turns into a tripping hazard. All it takes is a frayed scarecrow with a fear of flying monkeys. Tin man saw strange creatures in the woods, so he hired protection. But he's starting to doubt this pussy and a mouse. In the end there's nothing to be scared of. Red crayons sticks to the tree line, fearing anyone who might want to color the road red.
