CREATIVE AUDIO

This temperature rat is struggling to deny himself a bite of these chicken nuggets before they get too cold. Luckily, his inner self is there to deny him by smacking his hand with a thermometer. He'll need every ounce of his conviction to get as ripped as his personal trainer, the Spartan.

But even the Spartan has his moments of weakness, especially when it comes to chicken nuggets. That's why he's got a little personal trainer of his own.

Whenever he waivers, this ace tick shield quickly cuts him off. It's wielded by his ever vigilant companion, the ab nugget.

He's there to flex on him and serves up discipline with a stone stick.

He gladly ensures those beautiful abs are stained by dipping sauce whenever the Spartan even thinks about indulging.
