

## Sexual, Sensual, Indulgent

The topic image for this scene is the heart shaped indulgence chocolates box beside the condoms on a room service tray. The heart shaped chocolates box must say indulgence on the side and the condom packages beside it on the tray must be recognizable as such. The character holding the tray is devil cherry. He must look like a devil character in room service attire, holding an exaggerated cherry seductively before a woman in the room. This woman has D sized breasts with the letter D serving as pasties over her nipples. This woman is kicking back in a heart shaped nest. This nest must have red lips forming the inner lining of the nest. This lip nest is full of red balls like a ball pit. Her legs are crossed coming out of the pit, and she's wearing what are referred to as sleigh shoes. See google image for inspiration. They should each be recognizable as a sleigh, with a red body and gold skis, but turned into a sexy high heel shoe. She is in the lip nest with another sexy woman referred to as license chest. She is holding what is apparent as a license plate to cover her breasts. The license plate should read CHEST. She's covering her breasts with this license plate because there is a peeping tom at the window. This peeping tom is a character called binocular alien. He is a stereotypical greyish alien holding exaggerated binoculars and gawking at the view. One can only guess at what his other hand is doing.

**CREATIVE AUDIO**

This honeymoon suite caters to every sort of sensual desire. Room service stands ready to rush up indulgent chocolates and colorful sex toys. And if it pleases, Devil cherry will even lend a hand. Couples often bring kinky costumes, though most leave more to the imagination than these D-pasties. Ridiculous accessories that accentuate one's assets, like sleigh shoes on long legs, lighten the mood while making indecent proposals. Lean against lips in a nest, who knows where a simple kiss may lead? There's no shame in wrestling with your lover within our pit of red balls. But tenants beware. Be on the lookout before bearing all. Hold that license to your chest. A binocular alien is on the loose. After a few drinks, his inhibitions go out the window. And he comes climbing in through yours.

**Graphics**

The main topic here is the Sexual Sensual and Indulgent chocolates and condoms so make those stand out well. This one is a little bit busy but as long as you layer everything well we should be good. Make the alien a grey color and if the sky is blue, he will stand out. The most confusing part of the picture is the nest with lips. If you make the nest part a light brown and the lips like they have pink lipstick on them. The nest is filled with a series of red balls so make just nest lips and balls all colors that stand out from each other. Have fun!
