

### **Avoid Caffeine**

[Soda and Coffee knocked away](#)

Discourage the patient from drinking caffeinated beverages, such as soda or coffee.

### **Dr Appointment in 2 Weeks**

[\(2\) Tutu Calendar with Dr. Appt. in 2 weeks](#)

It is important the patient complies with the treatment regimen discussed with their doctor and follows up with an appointment to ensure the infection is gone.

### **Void every 2 - 4 hours**

[\(2\) Tutu and \(4\) Fork Hourglass on bathroom door](#)

Encourage the patient to void frequently, such as every 2-4 hours.
